MEMORANDUM FOR: Director of Logistics

SUBJECT : Report of Audit - DD/S&T

1. Because of the close interplay between our respective Offices we thought you would be interested in reading a copy of the Audit Staff's recent report of the activities of certain components within the Directorate. Audit's survey did not take in FMSAC, OSI, OSA and OCS except insofar as those Offices have records for procurement contracts in the Administrative Staff's files.

2. Apart from your interest because of the interplay aspect however, we also feel that the portion of the report which addresses itself to grants should be brought to your attention specifically since it involves responsibilities and procedures of your Office. You know in general our policies and feelings toward grants and we see no disagreement in our respective positions.

3. If you would care to make any formal comments on this report we'd appreciate having them by 1 June so that they can be incorporated into an overall DD/S&T reply.
